Conference vs Journal

- What is a conference?
- What is a Journal?
- How is the reviewing process in a conference?
- How is the reviewing process in a journal?
- Which one is harder?
- What are the good conferences on programming languages?
- What are the good journals on programming languages?

Conference

- Limited number of slots
- Deadline!
- Page limit
- Program committee
- (Usually) shorter reviews
- Double blind submission (?)
- Rebuttal (?)
- Presentation (plus trip)

Journal

- Flexible number of slots
- No deadline
- No page limit
- Harder to guess potential reviewers
- (Usually) longer reviews
- Blind reviewing
- Resubmission (minor/major review)
- No need to present the work
